NIAB, an autonomous institute under the aegis of Department of Biotechnology, Government of India, is aimed to harness novel and emerging biotechnologies and create knowledge in the cutting edge areas for improving animal health and productivity. The Institute’s research focus is on animal genetics and genomics, transgenic technology, reproductive technology, diseases, nutritional enrichment, and bioinformatics. The Institute aims at translational research leading to genetic enhancement of Indian Livestock species and basic research towards development of novel vaccines, diagnostics and improved therapeutic molecules for farm animals.

NIAB is looking for Scientists and visionary academic leaders with outstanding record of research accomplishments to establish strong centers of research to address the problems of livestock. Persons having effective interpersonal and leadership skills with commitment to work effectively with colleagues as part of inter-disciplinary team are required. NIAB is looking for dedicated and committed Scientists who believe in institution building and have a passion for academic excellence and quality research for filling the following vacant position:

### Essential Qualification for Direct Recruits

- Ph.D. in Veterinary Sciences / Animal Sciences / Modern biology / Life Sciences or equivalent from a recognized University with 7 years of post Ph.D R&D experience in the advertised area with original work as evidenced by patents or publications in top ranked peer-reviewed journals; strong potential for securing and sustaining independent and collaborative extramural funding.

### Job Description

The selected candidates are supposed to work on genetic and health improvement of Livestock using modern tools of biotechnology in addition to own research programme, he/she is expected to provide support to other research projects at NIAB. The selected candidates are also expected to lead the HRD programme of the Institute and teach at PG level. In addition, candidates have to attract extra-mural funding to establish and lead research programs.

### Areas in which applications are invited

- (i) Biostatistics with Genomics
- (ii) Animal Nutrition
- (iii) Animal Transgenesis with modern tools of gene editing
- (iv) Vaccine /drug / nutrient delivery using nano particles / nano-fibers

Published evidence of working in the specified area during or after Ph.D. (Publications in high quality journal will be given preference).

Please visit NIAB website [www.niab.org.in](http://www.niab.org.in) for essential qualifications, other terms & conditions and online application form details.

Date of commencement of online applications: 22 June 2019

Last date for submitting online applications: 22 July 2019 (5 PM)
