CEPI Call for Proposals: Centralized laboratory for measurement of immune responses elicited by SARS-CoV-2 vaccine candidates

The Department of Biotechnology is implementing the Ind-CEPI mission titled ‘India Centric Epidemic Preparedness through Rapid Vaccine Development: Supporting Indian Vaccine Development Aligned with the Global Initiative of the Coalition for Epidemic Preparedness Innovations (CEPI)’ to strengthen development of vaccines for the diseases of epidemic potential in India.

CEPI is a global alliance financing and coordinating the development of vaccines against infectious diseases. From time to time, CEPI issues calls for proposals inviting applicants to submit funding proposals for projects to develop specific vaccine candidates or research that can directly support vaccine development.

In the present scenario of the global pandemic of COVID-19, CEPI has recently issued a Call for Proposal- ‘Centralized laboratory for measurement of immune responses elicited by SARS-CoV-2 vaccine candidates’. The Department of Biotechnology solicits participation of Indian scientist for submission of applications to CEPI under the call. Kindly visit the CEPI website for more details of the call at https://cepi.net/get_involved/cfps/
