

## **Last Date of application for RFP for Vaccine Candidates and Translational Research Consortia (TRC) extended**

Towards strengthening the emerging biotechnology enterprise in India, Department of Biotechnology (DBT), Ministry of Science & Technology, has initiated the National Biopharma Mission Program entitled - An Industry-Academia Collaborative Mission for Accelerating Discovery Research to Early Development for Biopharmaceuticals – “Innovate in India (*i3*) Empowering biotech entrepreneurs & accelerating inclusive innovation”. Biotechnology Industry Research Assistance Council (BIRAC), a Public Sector Undertaking setup by DBT, is the Implementing Agency of the Program.

A Request for Proposal (RFP) to seek applications for the following has been released under the mission:

RFP 1: Clinical Development of novel/new/next-generation vaccine candidate(s)

RFP 2: Translational Research Consortium (TRC)

The last date of application for these RFPs has been extended as follows:

**New last date of submission for RFP 1 for Vaccines is 9<sup>th</sup> March 2020, 5:00 PM.**

**New last date of submission for RFP 2 for TRC is 30<sup>th</sup> March 2020, 5:00 PM.**
