Advancing healthcare through AI across Sweden and India

Webinar on 5th of May 09:30 CET/1 PM IST

In 2018, the *Joint Declaration on Sweden-India Innovation Partnership for a Sustainable Future* was signed between Sweden and India, with Health and Life science being one of the key areas identified for strengthened bilateral collaboration. In line with this, Indian Department of Biotechnology and Swedish Vinnova are offering several funding opportunities for joint R&D projects where Artificial Intelligence is used as an enabling technology to tackle healthcare challenges.

Join our webinar to:

- Learn about the Swedish and Indian innovation system for Health and MedTech
- Understand the scope of the call and eligibility
- Learn how to apply and get connected with potential partners
