CANCER  
RESEARCH  
UK

BEATSON  
INSTITUTE

## Postdoctoral Research Scientist

Starting Salary from £30,000 to £39,800  
(Depending on experience)

Initial 3 year fixed term contract (with possibility of up to 2 year extension)

### Trafficking of lipid modified proteins into the cilia Dr Shehab Ismail

Cancer Research UK Beatson Institute in Glasgow is one of Europe's leading cancer research centres. It supports cutting edge research into the molecular mechanisms of cancer development. The Institute provides an outstanding research environment, underpinned by state-of-the-art core services and advanced technologies with special emphasis on structural biology, imaging, metabolomics and in-vivo models.

We are seeking a postdoctoral fellow to work on a project aimed at investigating and characterizing the molecular machinery involved in trafficking of lipid modified ciliary proteins into the cilia (*EMBO J.* 31:4085-94, 2012, *Nat Chem Biol.* 7:942-9, 2011, *EMBO Rep.* 14:465-72, 2013 and *Nature* 497:638-42, 2013). You will be using a variety of biochemical approaches including reconstituting protein complexes, studying protein-protein interactions and X-ray crystallography.

You will have successfully completed a PhD in a field relevant to biochemistry and/or structural biology. You will have a good record of publication of primary research papers (or have these papers in revision/in press).

For informal enquiries please email Dr Ismail at [s.ismail@beatson.gla.ac.uk](mailto:s.ismail@beatson.gla.ac.uk).

All applications must be made via our website at <http://www.beatson.gla.ac.uk/recruitment/postdoctoral-fellows/>.

Closing date for applications: 9th October 2015

# UNIVERSITY OF CAMBRIDGE

सत्यमेव जयते  
Department of Biotechnology  
Ministry of Science & Technology  
Government of India

## Unestablished Lecturers / Senior Lecturers (Fixed Term)

University of Cambridge • Reference: RA06919

Salary: £38,511-48,743/£51,702-54,841

The University of Cambridge, in partnership with the Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India, invites applications for five fixed-term, research-oriented unestablished Lectureships to strengthen the University's strategic partnerships with Indian research institutions and to enhance the academic, research and translational capacity of India and the UK. Successful candidates will be appointed to departments or faculties at Cambridge that have embarked upon significant research collaborations with Indian partners supported by DBT.

Post-holders will be employees of the University of Cambridge throughout the 5-year duration of the post, but will be required to spend 3 years (60%) at a partner institution in India. Post-holders will be expected to spend up to 5% of their time in Cambridge on teaching and learning support activities.

We are searching for outstanding researchers, with excellent publication records, undertaking cutting edge and fundable work in science and technology in any field supported by DBT. These include programmes of research in the School of Clinical Medicine, the School of Biological Sciences, and the School of Technology. Developing work in the School of the Humanities and Social Sciences may also be eligible.

Successful candidates, educated to PhD level in a relevant field and be experienced post-doctoral researchers en route to full independence as PIs and capable of generating their own grants by the end of the fixed-term Lectureship.

Successful candidates will be appointed at an appropriate step in the following ranges depending on qualifications and experience:  
Lecturers - £38,511 - £48,743. Senior Lecturers - £51,702 - £54,841.

Fixed-term: The funds for this post are available for 5 years in the first instance.

**Informal enquires may be made to Dr Mani Shankar Narayanan at the International Strategy Office ([india@admin.cam.ac.uk](mailto:india@admin.cam.ac.uk)). Please quote reference DBT-Cambridge Lectureships on your application and in any correspondence about this vacancy.**

**Closing Date: 1 October 2015**

**Interviews/seminars are planned to take place November/December 2015. The posts are available from 1 January 2016 or as soon as possible thereafter.**

**To apply online for this vacancy and to view further information about the role, please visit: <http://www.jobs.cam.ac.uk/job/7933>.**

**Please ensure that you upload a covering letter, CV, list of publications, current and future research plans (two sides of A4 only) in the Upload section of the online application. If you upload any additional documents which have not been requested, we will not be able to consider these as part of your application.**

**Please quote reference RA06919 on your application and in any correspondence about this vacancy.**

The University values diversity and is committed to equality of opportunity.

The University has a responsibility to ensure that all employees are eligible to live and work in the UK.
