In India, under the aegis of Department of Biotechnology, Ministry of Science and Technology, Government of India the Energy Biosciences Research is spearheading to develop biobased renewable fuels for the country.

With this aim, the Department of Biotechnology is running a scheme “DBT Energy Biosciences Overseas Fellowships and DBT Energy Biosciences Chairs” for scientists of Indian origin working in the field of Energy Biosciences (including Biofuels, Bioenergy etc.).

The DBT Energy Biosciences Overseas Fellowships is a re-entry scheme aimed at bringing back young scientists of Indian origin working overseas and who are desirous of returning to India and pursuing, complementing and enhancing quality of R&D in energy related biosciences in an Indian institution.

The DBT Energy Biosciences Chairs is aimed at engaging senior scientists of Indian origin working in modern biological sciences, and who are desirous of pursuing, complementing and enhancing quality of R&D in energy related biosciences in Indian institutions.
