Symposia on Opportunities for frontier research collaborations by the Human Frontier Science Program (HFSP)

10th Feb, NII New Delhi | 11th Feb, CDFD Hyderabad | 15th Feb, IISER Pune

Attn: Investigators &
Early Career Researchers in
India

Purpose

HFSP Research Grants support innovative basic research on fundamental biological problems with emphasis on novel and interdisciplinary approaches that involve scientific exchanges across national and disciplinary boundaries.

Specific grant and fellowship opportunities are available for early career as well as established investigators.

India has been part of the HFSP for the past several years and is poised to expand its footprint in this program. The symposium series plans to increase awareness of these programs and enhance the number of successful applications from India.

These symposia present an opportunity to interact with HFSP personnel as well as awardees.

HFSP RESEARCH GRANTS

CALL FOR LETTERS OF INTENT

AWARD YEAR 2024

Initiation: end January to 21 March 2023
Submission Deadline: 30 March 2023

Talks on HFSP programs

(all three venues)

Guntram Bauer, Director of Science Policy and Communications

Pavel Kabat, Secretary General

HFSP Awardee talks

National Institute of Immunology (NII), New Delhi - 10th February 2023

Rishikesh Narayanan, IISc, Bengaluru

Anupam Sengupta, University of Luxembourg

Rahul Roy, IISc, Bengaluru

Centre for DNA Fingerprinting and Diagnostics (CDFD), Hyderabad - 11th February 2023

Suvendra Bhattacharyya, IICB, Kolkata

Tamal Das, TIFR, Hyderabad

Rashna Bhandari, CDFD, Hyderabad

Shashi Thuttupalli, NCBS, Bengaluru

Indian Institute of Science Education and Research (IISER), Pune - 15th February 2023

Arati Ramesh, NCBS, Bengaluru

Anupam Sengupta, University of Luxembourg

Sanjay Sane, NCBS, Bengaluru

Panel Discussion/ Q&A session at all three venues
