March 13-20, 2021

Promotion of scientific goat farming among farmers in Bihar for enhancing their income

Biotech-KISAN Hub at Bihar Agricultural University, Sabour has organized a series of Farmers' Interaction-cum-Field Days at Araria, Aurangabad and Banka districts in Bihar state on scientific goat farming. Various aspects such as regular deworming, feedblock support and green fodder were covered during these events. A total of 67 farmers benefited from the events.
