March 13-21, 2021

Promotion of scientific cultivation practices of makhana among farmers in Bihar

Biotech-KISAN Hub at Bihar Agricultural University, Sabour has organized a series of Farmers' Interaction-cum-Field Days at Araria, Katihar and Purnia districts in Bihar state on demonstration of Makhana cultivation in farmers' field. Various aspects related to popping, value-addition and marketing of Makhana were covered. A total of 129 farmers benefited from the events.
