Promotion and popularization of scientific mushroom cultivation in Bihar along with developing rural enterprises under BIOTECH-KISAN HUB at Bihar Agricultural University, Sabour March 15-23, 2021
Promotion and popularization of scientific mushroom cultivation along with developing rural enterprises

Biotech-KISAN Hub at Bihar Agricultural University, Sabour has organized a series of Farmers’ Interaction-cum-Field Days at Aurangabad, Banka, Katihar, Khagaria and Purnia districts in Bihar state on scientific mushroom cultivation. Various aspects related to cultivation of oyster, milky and butter mushroom along with value-added products and market linkages were covered. A total of 350 farmers benefited from the events.
